Chapter 1: Which One

So, I'm walking to school one day with Lisa when all of a sudden, we see this mysterious house in the distance that we have never seen before. I'm surprised it's standing; there is wooden planks hanging off of it, and it looks rusty. It seemed impossible that we haven't noticed it because we have gone down this road for almost 7 years now! I look at my phone and see that we still have an hour until school starts. I guide Lisa down a road that leads to the house.

On our way, we come across two paths. I automatically take the path to the right; the one with bright, colorful flowers lining it, but Lisa stops me almost immediately. "I know this is going to sound crazy, but I think we should take the other path." Just to let you know, Lisa is talking about the dark path that has trees arched over it. "No one would live down this pretty road when their house looks horrible." Lisa said to me-I could tell she wasn't going to let this go. I start to feel like I actually want to go to school. "I don't know," I say to her, "it looks like a dangerous path.." She interrupts with,"EXACTLY!! This person obviously doesn't want company, so she or he would expect that any normal person would go down the safe, and pretty path." I start to see her point, but then I hear footsteps that don't sound like they come from a person! Gulp.
